Dear Ming Jun,

Welcome to Coder Academy class of 2018.

We look forward to seeing you at the upcoming orientation and to supporting you in your studies throughout the coming terms.

Tertiary studies are a big investment emotionally, intellectually and financially. So, to take some of the stress away as a fee paying student, we provide a payment plan structure whereby you pay for your course in 4 instalments (as per your Letter of Offer).

As the course is actually delivered over 3 terms plus an optional internship we thought it may be helpful for you to know when your payments are due and when a debt for a subject is actually incurred. Please note there are no fees charged for the optional internship, nominally delivered in term 4.

Debts are incurred once you pass the census date for a subject. The census date falls no less than 20% into a study period as per the published Schedule of Fees (available at <http://www.ait.edu.au/government-student-loans>).

If you have any questions regarding any aspect of this letter, please feel free to contact our office on info@coderacademy.edu.au or (02) 8355 3822.

We look forward to you joining the Coder family.

Kind regards,

Saad Saeed
Academic Director
Coder Academy
